

INTRODUCING

NPS EMPOWER HOUR

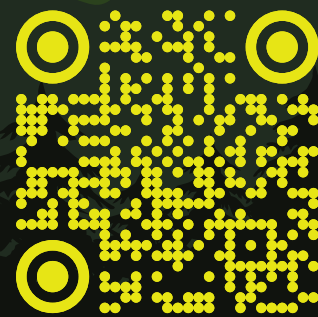

NPS Empower Hour is a bi-weekly series of virtual sessions designed to help you build your knowledge about having union representation for NPS employees. Each session will present a new and relevant topic on the union's role in your work life.

We will be joined by a series of dynamic speakers and experts on the benefits of having a union in your workplace. Each session will also allow time for Q&A. Come join us and get EMPOWERED!
