

Did you know...?

That federal employees were given the right to unionize in 1962 through Executive Order 10998 issued by President John F. Kennedy?

And that over 25% of federal employees are members of a union? That is more than 1 in 4 at nearly every federal agency!

“The American Labor Movement has consistently demonstrated its devotion to the public interest. It is, and has been, good for all America.”

- John F. Kennedy

In the Department of the Interior, many agencies are currently unionized, including: colleagues at the Bureau of Land Management in other states, Bureau of Indian Affairs, Fish & Wildlife, US Geological Survey, the Office of the Secretary, Office of Surface Mining Reclamation and Enforcement, Bureau of Reclamation, and the National Park Service.

NTEU, the largest independent federal employee union, represents over 150,000 employees in 33 departments and agencies. Find a list of which ones [here](#).

We are comprised of a diverse group of individuals who share a commitment to public service. We proudly represent law enforcement officers, scientists, attorneys, and cyber-security experts. Our members are revenue officers, food inspectors, bank examiners, park rangers and the list goes on.

NTEU is the voice of the federal workforce on Capitol Hill, in the courts, at the bargaining table, and in the media. We fight for fair pay and benefits, improved working conditions, and other issues that affect the working lives of federal employees.

Learn More about NTEU

We were created in 1938 to make sure federal employees are treated with respect and dignity. That remains our mission to this day and will continue to guide our work in the 21st Century and beyond.
