

Working Together Works

Thousands of NPS employees have made the decision to form a union in their parks with NTEU. Just like you, they love their jobs, but they were ready for improvements at work.

NTEU is the largest independent federal employee union, representing 150,000 employees nationwide. Forming a union with NTEU means:

- Having a real voice in the workplace by negotiating a “gold-standard” contract with NPS
- Daily lobbying on Capitol Hill on behalf of all federal employees and the specific issues you care about
- Job-site representation from highly trained chapter officers and stewards

What Do Current NTEU Members Think?

“We are very excited about NTEU. It was time for a change. We needed to have a union that had our back. NTEU was fully immersed in issues that are important to us and have advocated for our safety, scheduling, position descriptions and other important issues. NTEU looks out after our interests and also understands the federal sector.”

Terry Branzelle

Brentwood Maintenance Facility

“With NTEU, you’re going to get a fair and honest union that is going to look out after you. We got a fair deal when NTEU helped us negotiate a contract. NTEU surveyed us to understand what our issues and concerns are and have made sure those needs are addressed.”
