The Honorable Lucille Roybal-Allard
Chairwoman
Subcommittee on Homeland Security
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Chuck Fleischmann
Ranking Member
Subcommittee on Homeland Security
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairwoman Roybal-Allard and Ranking Member Fleischmann:

As stakeholders interested in the facilitation activities of Customs and Border Protection (CBP) at land, sea, and air ports-of-entry around the globe, we urge you to provide additional appropriations in Fiscal Year 2020 for at least 600 new CBP officers over the current staffing level to help the agency meet its current and future staffing needs.

With CBP's onboard data and most recent workload staffing model showing a shortage of over 3,700 CBP officers, current staffing levels fail to address the growing demands of travel and trade at our ports-of-entry. Providing additional CBP officers at this time of growing volumes of international passengers and cargo will both reduce lengthy wait times and facilitate new economic opportunities in communities throughout the United States.

Increasing CBP officer staffing is an economic driver for the U.S. economy. According to the Joint Economic Committee (JEC), "every day 1.1 million people and \$5.9 billion in goods legally enter and exit through the ports of entry." CBP estimates that the annual hiring of an additional 600 CBP officers at the ports-of-entry could increase yearly economic activity by over \$1 billion and result in the addition of over 17,000 new jobs.

While the volume of commerce crossing our borders has more than tripled in the past 25 years, CBP staffing has not kept pace with demand. Long wait times at our ports-of-entry lead to travel delays and uncertainty, which can increase supply-chain costs and cause passengers to miss their connections. According to the U.S. Department of Commerce, border delays result in losses to output, wages, jobs, and tax revenue due to decreases in spending by companies, suppliers, and consumers. The travel industry estimates long CBP wait times discourage international visitors, who spend an average of \$4,200 per visit, from traveling to the United States. JEC research also finds border delays cost the U.S. economy upwards of \$5 billion each year.

We share your commitment to ensuring that America's borders remain safe, secure, and efficient for all users, while enhancing our global competitiveness through the facilitation of legitimate travel and trade. Therefore, we request at least 600 new CBP officers in Fiscal Year 2020 to continue building on the staffing advances made in recent years.

Thank you for your consideration of this request.

Sincerely,
